

List of Attendees

As of October 6, 2016

WHO ?

This forum is mainly designated for leaders of French International Solidarity Organizations (ISOs), i.e. NGOs, the French Red Cross, and Foundations, at the level of Presidencies and Directorates. It is also open to certain key public and private partners (be they French, European or international), as well as to leading figures, experts, and academicians who can provide insight on the topics of discussions, and together with the participants, compare analysis and share experiences.

More specifically, qualified individuals are broken down into two groups:

1. **Representatives of humanitarian structures** (NGOs, the Red Cross movement, as well as other organizations involved in humanitarian action) that include:
 - Presidents and/or Directors of French humanitarian organizations,
 - President and/or Director of Coordination SUD, of Coordination Humanitaire et Développement (CHD), and of VOICE
 - President and/or Director of ICRC
 - ICRC French Delegate
 - Director of CONCORD, ICVA, SCHR, and InterAction
 - President or Director of organizations involved in humanitarian action (donors, foundations, teaching institutes, etc.)
 - Head of the Humanitarian Commission of Coordination SUD
 - President of the sub-committee, “International humanitarian law and humanitarian action”, of the CNCDH (National Advisory Commission on Human Rights)
2. **Experts and qualified leading figures** personally invited to punctually attend specific topics of discussion at the FEH.

The number of participants has been intentionally restricted to 60 to 70 people to facilitate group interaction and enliven the discussions.
